REMARKS

Claims 1, 3-6 and 9-12 stand rejected. Applicant appreciates the allowance of claims 13-15. Reconsideration of the rejections is solicited in view of the foregoing amendments.

Claims 1, 2, 5, 7, 8 and 10-12 have been cancelled. The dependency of claims 3, 4 and 6 has been changed from claim 1 to allowed claim 13. Applicant respectfully submits that the foregoing amendment be entered since such an amendment places the present application in form ready for allowance.

It is respectfully submitted that each of the claims pending in this application recites patentable subject matter and it is further submitted that such claims comply with all statutory requirements and thus each of such claims should be allowed.

The Examiner is invited to call the undersigned if clarification is needed on any aspects of this Reply/Amendment, or if the Examiner believes a telephonic interview would expedite the prosecution of the subject application to completion.
